RECEIVED
SEP 18 2001
Technology Center 2600

Dear Sir:

In response to the Office Action mailed March 14, 2001
please amend the application as follows:

In the Claims:

Amend claims 1, 3 through 6, 10, 11, 14, 18, 28, 46, and 69
as follows.

Sub H7 1. (Twice amended) A receiver for receiving broadcast
digital television signals representing both image data and
information data, the receiver comprising:

a decoder for separating the image data and the information
data;

a store for storing the received information data;

E1 a processor responsive to the stored information data to
output for display data derived from said image data and said
information data and representing an interactive image;

a modem for establishing a telecommunications link;

the processor being responsive to received command signals
to vary the interactive image and to cause the modem to transmit
